The Premises:

It's been described many times. The bedroom was fine, though small.

The Lady:

Lisa is a tall, leggy, slender blonde with 'big hair'. I would guess about 5'7", 32B/C. She's got a *very* fine bum, nice tits (just the way I like them), and a little landing strip. Her nipples seemed hard all the time. She seemed a bit cool at first, but it's likely been a busy day. I gave her a butt massage (which she liked), and then we connected more. Her accent had a bit of lilt of Italian, with an overlay of eastern. I've recently learned that indicates Romanian, but I don't really care.

The Story:

There was a lot of stroking and caressing, licking of nipples (both ways). I couldn't lick her pussy, which was a disappointment (I really like that), and couldn't get into my favourite position (riding high -- she was squeezing her thighs), so I came fairly quickly. But we had a very nice chat afterwards, lying naked on the bed.

My impression is that she reacts better to the softer approach. I don't think she's a "wham bam, thank you ma'am" kind of person. I would definitely go again, and get the "dream time" (which I got this time), or even longer.
