The Premises:

Terrace house with no distinguishing marks on a side street a short walk from the town centre. Lived-in house with friendly receptionist and perfectly pleasant room.

The Lady:

Chinese lady with pleasant but not dramatically attractive face or figure but nice toothy smile and neat bum.

The Story:

Rather fancied the receptionist but was shown by her into room with Kylie in there and her smile soon had me happy to see her. Helped out of my clothes and soon into normal routine but often just with little differences that made Kylie's style interesting.

Massage was token but soon got to sensitive places and oral was covered but increasingly her body was made available to me.

A quick question and I was allowed 69 but in sideways position.

No rush at all to move onto sex and then when we did Kylie's face was a little worrying as I thought she might be in discomfort but it turned out to be her being turned on.

The sex went on for simply ages and Kylie's athletic pussy muscles were enthusiastically responsive and she became more vocal in expressing her pleasure.

Must have been in the room well over 30 minutes but no knock.

A good session.
