The Premises:

Basement flat - nice enough - quiet street but facing lots of offices so bit tricky during office hours while you are standing around waiting to be let in - her bell doesn't work

The Lady:

Pretty as per pictures which can be seen on loads of different agency sites - Petite of course - Nice personality but limited English - My second visit to her (bit wary of Soho at the moment with all the hoohah)

The Story:

Started with shared bath which I absolutely love. So to bed and she delivers all services as per website. Although not keen on fingering (funny that, Genevieve who I FR'd last week, had the same issue - guess some guys are too rough)- Anyway took full advantage of services and had great time again.

Last time she complained that trade was slack and she was struggling to make the rent, but since then it's picked up for her sufficiently for her to plan to start college in Sept, English then Business. I wish her well.
