The Story:

'Stacey' and I had 'met' by text and e-mail before.

I think she did enjoy our 'date' and she seemed to climax when I found her G spot.

She greeted me at the door and we went to her reception room before going upstairs to where the second pussy was spread out.....

We French kissed and I nibbled her neck. She suggested taking off her top to reveal a nice bra and a lovely g string.

She took off her bra to reveal some lovely small boobs and puffy nipples on which I gently sucked.

I took my clothes off and she joked that I was one of few who took their socks off.

I took her g string off to reveal a trimmed pussy, shaven below.

She laid on the bed and raised both knees up to give me the best taste, smell and access to her lovely pussy. I nibbled her thighs and worked my way to her clit and gently licked up and down, plus inserted my tongue into her pussy.

After a whilst, I managed to get her wet enough so that I could get two fingers inside her. I doubt if anymore would have been possible.

After a few minutes of tongue and thumb action on her clit, I came up and we kissed and I friggd her to a climax, feeling her muscles clamp down on me.

She was quite vocal!

She then said it was my turn, so she put her hair up and went down to my now erect cock and took it gently into her mouth.

It was a nice wet and sloppy blow job, with tongue, lips and hand combined. This went on for only a few minutes until I asked her to speed up as I was about to come.

She looked at me and winked and took me deeper and speeded up until I shot my come into her warm mouth.

Stacey kept on going very gently and cleaned me up having swallowed all my come.

She came up and we kissed with the slight taste of my come on her lips and mouth. we stayed cuddling for a few minutes.

There was no rush and I guess from her profile and from what I have experienced, up for most things, I should go for a facial, dribbling cum and a snowball next time!
