The Story:

Sunny afternoon so decided to have a punt. Not used this agency before but were in local paper so gave a ring. All went smoothly. Girl arrived right on time. In hindsight an hour would have been enough. Upstairs and removed us clothes. She had a nice body and nice legs. Couple of tats. After a bit of cuddling I went down on her for 15 minutes or so which seemed to be well appreciated. She then gave me very nice OWO. I wasn't sure if I was supposed to CIM so I just popped off. After first spurt she stopped and let me erupt by myself. I apologised. She then spent 40 minutes or so giving a rub/massage. I got up to have a wee and saw there was 30-35 minutes left. She then started going on about car and taxi and me and ?30. I was somewhat confused. I proffered ?30 and then a minute or so later she gave it back. We dressed and went downstairs as it seemed the event was over. Once more we had confusing talk of me and cabs. She seemed to want me to call her a cab and I was asked for the ?30 again. I kept trying to explain that I needed to know where she wanted to go. Eventually she put me on to their reception. I explained again and gave the phone back to the girl. After more discussion on the phone she said she didn't want a cab any more and could now go. Confused? I was.
