### The Premises:

Super apartment, well appointed in a secure location.

### The Lady:

A picture paints a thousand words; not fakes and not airbrushed. Can't improve on that.

### The Story:

This was my first time with an escort and boy did I strike gold first time out. She was ready with a drink and a smile when I arrived, somewhat tense and not knowing what to expect. She took the time to put me at ease. After taking care of business and discussing the ground rules, we kissed and retired to the bedroom.

We undressed whilst kissing then warmed each other up with some oral. She started out on top, then we changed to doggy and finally the ever reliable miss. I hadn't completely got rid of the nerves which produced a somewhat unexpected (but not unwelcome) elongated session. We had a short break and concluded with mutual masturbation.

Not my finest performance, must do better next time. And there will be a next time.
