### The Story:

Natasha has brought sex to an art form! Her kissing is out of this world and genuinely the most erotic I have experienced in many years of punting (or with anyone else for that matter). We started on the sofa but then moved to the bed where kissing and cuddling continued until I kissed my way down her body to her perfectly shaven haven. A prolonged session of RO followed which I always enjoy and it was clear that she did so too and that her compliments were not just politeness. Then it was my turn and she gave me some really mind blowing OWO using her tongue expertly on all the surrounding areas before taking me in her mouth. Bliss! I suggested giving her another turn but she said she was still too sensitive, so we moved on to the final stage in the missionary position, which didn't last as long as I would have liked as I had not had sex for four weeks. I am sure that otherwise Natasha would have been happy to have tried other positions but at my age I am a one-shot weapon. The rest of the time was spent in more kissing, cuddling and chat with no rush on her part. Altogether, a lovely encounter with a lovely young woman. I shall certainly be back.
