The Premises:

New place on London Road. Discreet entrance round the back but maybe not when Portmerion Pottery are having their break !!

The Lady:

A bit disappointed when I saw her in the lounge but there was no choice available. Previous report on DG was good so decided to give it a go. Paid my ?40 for half an hour, followed her up the stairs and looked at what quite a cute arse.

The Story:

In the room there was porno film playing. She said she was going for a wash and I got my kit off. Quite a nice back massage with lots of oil but massage was restricted just to my back. Asked to turn over and she started to open a condom. I asked if she did OWO. She said for ?20 she would do it to completion. She removed her top to show really saggy boobs and the worst stretch marks I have ever seen on a working girl. Nevertheless she suck my dick nicely on the bed and with me stood in front of the mirror and her sat on a chair. Eventually I shot my load in her mouth. Got cleaned up and she started to get dressed. Not the best punt I have had but then not the worst. I like fucking really attractive girls that I couldn't screw without paying for it. This wasn't that kind so I can't recommend her.
