The Premises:

Very sparse and cold. Much as you would expect from a walk in service.

The Lady:

I had requested the 2 girl service as I was feeling very horny. The girls would have to be described as ladies both where in their late thirties or early forties. Not what I was expecting but was only given a verbal description as they have no site to visit.

The Story:

As I said I had opted for the 2 girl which started as with a massage. One girl being very attentive and the other just being there to make up numbers. I was then flipped over on to my back and the blonde started with cover bj. during this the other lady started on my nipples and allowed some play with her pussy which she appeared to enjoy. then when they swapped the blonde just rubbed my chest and her body was a virtual no go zone and her pussy was the only place. However she never opened her legs to allow access so this was no fun. then it was time for the fucking. Fucked the brunette as she seemed the most willing. shot my load and then it was over.
