The Premises:

It was a good hotel in central London. No issues.

The Lady:

Petite, 5'3" polish girl with large (for her frame) enhanced boobs. Yes they are enhanced but have to say a good job. Dressed well - short skirt, tall heels. Photos on the site dont appear to have been photoshopped (unlike some others on the same site - Admiral)

The Story:

Had a great time. I didnt plan to meet this girl but the girl I meticulously researched wasnt available at the last minute so this was a "panic call" to a well known agency.

She provided everything that I wanted, FK, OWO, CIM, protected sex in multiple positions -

probably more was on offer, but I'm not greedy and was a very satisfied chap. I dont know about 'A' levels but have to say I had problems with my little finger so probably unlikely.

Apart from the sex she has a nice personality - English OK, not fluent. She said that she is going back to Poland in a few weeks, for good - change of career etc.
