The Lady:

Crystal is a Tia lady, late twenties. Pretty as in her pictures, although not quite as attractive in the flesh. Must have a good photographer at this agency.

The Story:

Crystal arrived on time and looked sexy in a tight black mini dress. However i was surprised that she was also wearing tights which are a real turn off. Crystal sat on my knee and nibbled my ear but that was about it. She had confirmed on the phone that she allowed reverse oral which I had specifically booked her for. But this tuned out to be "a miss understanding" according to Crystal. To be fare her English isn't that good so could just be the case.

Sex from behind lasted about 2 minutes before Crystal told me I "must finish now".

Crystal is a nice gentle lady but not the hot sexy woman whom I was lead to believe would be arriving at my home. Dissapointing and will not see her again.
