### The Story:

I was looking for PSE and had it planned what I wanted to do and thought Taiza would give me the satisfaction I craved so I booked 2 hours. Taiza greeted me as I requested in sexy underwear and after handing over the fee I ask if she new what I wanted CIM, A level then pussy fuck. OK she said so down to business. I wanted CIM first so I got her to kneel with me standing. I held her head back with one hand a placed my stiff rod in her mouth. It was not long before I shot my first load down her throat - she did gag a bit poor girl! After a short rest and clean up I got her to bend over so I could push my stiff rod into her rectum and began pounding away. After 10 minutes of bliss I again shot my load with Taiza squeeling with delight - she liked that. Taiza gave me a lovely massage to help my limp rod become active again which it duly did after 30 minutes. I now had 45 minutes left and did not wish to forgo the pudding so with my rod now nice and erect I pussy fucked Taiza in all the positions time would allow. I must admit I loved squeezing and sucking those tits at every opportunity. Her pussy was really moist during this session in fact her juices were running down her thigh! After experiencing a great fuck I finally shot my load over her face which gave her a bit of a surprise but no PSE is complete without that final act. If you want a good and complete sex session try this girl.
