The Premises:

Block of flats round the dock, clean

Parking opposite round the dock one way system, behind the church there's pay & display. Not that if you have any common sense you'll need the change

The Lady:

Said she was Italian but had doubts about that, Dark wavy/curly hair, Good figure, early twenties, kept her lingerie on. Average

The Story:

One of those look but don't touch kinda girls, every thing covered.

She got me hard so I climbed on, climbed off, then left

Had a similar encounter with her fiend Dianna in the same block but not sure if it was the same flat which was nothing to write home about either
