The Lady:

The first time I went to this place I saw Vicky. Polish, Blonde, attractive, nice figure, basic English and a real good fuck

The Story:

I went to see her again which I know I said in previous report doesn't happen a lot, but she was in to it and that good. The memory of doing her from behind with her face in the pillow giving her the long one while she ground back gritting her teeth whimpering fuck me harder will stay with me for life. Hope she finds what she's looking for.

I've seen I'm ashamed to say, dozens of the girls at this place and made a deal with myself that I was going to fuck which ever girl made the trip down the stairs, opened the door and let me in. Only ever came face to face with one monster so I walked.

Different girls every week so if you ring and don't get anyone from the flat in Ipswich answer, be sensible and ask for the number and post it here

To set the record straight, the guy who wrote the previous report on this place must have paid extra for kissing, owo ect because I can guarantee you, you don't get nothing for nothing at that place.
