The Premises:

Outcall to my hotel.

The Lady:

6'2" (yes, six foot two!)tanned and attractive. Descriptions like amazonian and statuesque were made for her. Firm and well-proportioned body, natural B/C cup breasts.

The Story:

As soon as this exceptionally tall Polish girl came into my hotel room, I knew I was in for some fun. We had a glass of wine and a quick chat then it was full-on for the next hour.

Round one: DFK, enthusiastic OWO, then 69 (she's shaved & yummy below) to completion. I didn't ask for CIM.

Quick massage.

Round two: OWO, cowgirl, doggy, mish...

Round three: yet more oral and energetic cowgirl to completion.

Finally a pleasant chat - she's a bright girl, and returns to her studies in October.

Overall a very pleasant experience - enthusiastic GFE (in contrast to the often listless EE agency girls I've met).

Recommended. Particularly for punters who like very tall women
