### The Story:

Had read several reports on Rosy and decided to see if they were accurate.

Met at the door and led in to a side room by Rosy who behaved very much like the stereo-typical oriental, smiling constantly.

As I only had half an hour to spare we quickly got the formalities out the way and lay on the bed kissing. Rosy said anything was available at no extra cost and at that she went down and started to deep-throat me. She rubbed some lub on her rear end and offered it up to me as she sucked and I started fingering away, gradually increasing the number of fingers until she moaned it was too much. By this time the oral was having the desired effect and I decided that full on penetration wouldn't be needed so I cocked my legs round her head and pulled on her long dark hair, forcing her deeper down the shaft until her gag reflex kicked in. Even at this she still kept going and in no time at all I was shooting a bucketful in to her mouth.

She spit out the excess in to a strategically placed bucket and started to massage me as I lay there trying to get my strength back. Then it was a friendly walk, escorting me to the door where she gave me a parting kiss. Though I was careful to make sure it was more an actors "luvvy" kiss rather than full on.
