The Premises:

iv seen this girl three times
2 twice at my place and once in a hotel
shes always been on time

The Lady:

black hair, long slender legs, full tits, pert ass and a smile to die for.

The Story:

this girl is amazing!
iv seen her a couple of times and i dont usually revisit WGs as there are so many to choose from.
once you get this girl smiling you wont want to stop because her smile is just stunning.

the last time i saw her she came dressed in skin tight leggings which showed off her beautiful ass
and i knew i was ready to go.

she gave me some nice head with buckets of eye contact.
then we got up and i played with there tits and ass in the mirror for a good 15 min.
we started in mish, then on to doggy where i got to play with her soft bumcheeks and then her on
top where she worked away for a nice few mins and then i finished her in mish so i could get deep
in the back of her pussy.

she can hold a conversation as well because there were parts of the 2hrs where i had to rest for a
bit.

hopefully ill be able to see here again sometime next month.
