The Premises:

The Lady:

Ling is a Chinese who came from Malaysia .

She is in her late 30s, short and curvy with a 30B chest.

The Story:

This was a funny old punt.

I phoned up the place at around 1:00am, the girl was described to me as a 22 years old slim and busty 36DD Japanese but it turned out to be a short and curvy late 30s Chinese with a 30B Chest. I told her that she was not my cup of tea and was about to walk out.

She then said to me in broken English, ?It is very late now; you won?t find any other place still open. You stay and I will treat you like a king. I will give you the best BJ ever, have you ever tried the ice and fire BJ??

I have no idea what a ?ice and fire BJ? was, but one thing she was right: it would be difficult for me to find anywhere else still open at that time of the night, so I decided to stay for 30 minutes.

She insisted me to have an assisted shower first, and she said since I decided to stay, the clock would not start ticking until I finished the shower. During the shower she cleaned me thoroughly from head to toe. After the shower, she told me to lie on the bed. She gave me a B2B massage first, then started kissing and licking me from head to toe.

She then went out for a minute and came back with a cup of hot Chinese Tea and a glass of ice.

?Here comes the Ice and fire BJ? she said. She then gargled the Chinese Tea for a few seconds, spitted it out and then started sucking my cock. After about 30 seconds, she took my dick out and started gargling the ice, spitted the ice out and started deep throating my dick again. She did this in turns for the next few minutes, the feeling was just sensational, and eventually I could not hold it any more and I asked her if I could cum in her mouth. She nodded and I shot my load, she then opened her mouth, showed me my cum and swallowed it all.

She then asked me if I would like to stay longer to have round 2. She said if I stayed, she would rim me nice and deep. So round 2 begins with more ice and fire BJ, then rimming, then sex in cowgirl, MISH and doggy???

After I have finished, we had a little chat. She is actually a Malaysian Chinese and I asked her what days she works at the place, she said she wouldn't know as the boss moves them to other places in a regular basis, but she assured me that she is doing all this at her own free will. So this report could possibly be just academic.

The cost for 30 minutes was £60, 60 minutes was £100 and I gave her £120.

I hope I got the spelling of her name correct, because of her broken English, I think it is Ling, but it could be Lin or Lan.
