The Premises:

Small ground floor apartment, obviously just moved in as she was still getting sorted. Very good area close to the Football Ground plenty of street parking. The flat is very nice and exceptionally clean and fresh the shower is a little on the small side however that's not my problem.

The Lady:

Chantel is a real BBW French name with a Yorkshire accent infact she is bordering on SBBW without all the multiple bellies though good all round firm solid flesh it is obvious that she has not had any kids as she is stretch mark free. If your into proper ladies this one will float your boat if you like them skinny and tiny stay away and save your money.

The Story:

She is what I would describe as an all rounder and all orifices are available if you treat her well she just enjoys what she does and she is good at it. She has a few toys and came over with this damn Hitachi vibrator I almost died but it was for use on herself thank god and boy once she starts with it she is gushing like a fountain your going to get wet I did.

We went all round from 69 to missionary position to doggy and ended up sliding into her arse and she just loved it.

I dont think I have ever had such a workout in an hour before and I am starting to ache now 6 hours later beats the gym any time.

Treat her nice and you will have one hell of a time.
