### The Story:

Started with a massage this turned out to be 15 mins of general back rubbing no more,was asked what I'd like next opted for a kiss and cuddle barely got a peck on the cheek from her did most of the kissing on her breasts on with the condom was offered oral 30 secs of that she climbed on top of me some moans and sighs obviously put on for my benefit went into mish had even cum when she informed me my time was up kept asking if I was satisfied no got dressed and left would have been better off with a porn movie and a box of tissues.
