The Story:

This was my second visit to Joanne. The first time she was at Kettering but she also works at Northampton which is more convenient for me.

The first thing you notice about Joanna when she walks in to the room are her fantastic legs. Long and slim, they seem to go up and up for ever (I guess she is 5? 8?). It?s not just the legs which are slim ? the whole body is beautifully in proportion. Her breasts are slightly enlarged ? not too big to become intrusive, not too small to get ignored.

Joanna started by expertly examining my body with her tongue and quickly found my sensitive areas. Then she gave me some superb OWO before fitting a condom and riding me gently. This was followed by doggy style - most ladies? favourite position - and various positions on and under before finally on to Mish with her long legs wrapped around me for the final thrust.

This will not be my last visit to see Joanna. Just one request ? please get new pics on your website. The present ones do not do you justice
