### The Premises:

First time for me here. Seemed well run and clean. Property next to cafe next door with shared parking at front. Maybe newbies would be a bit shy about parking and entering building but when you have experienced the treats, you get over this LOL.

### The Lady:

Tall slim attractive blonde, late thirties or early forties. Cracking figure, fully shaven, a few tatoos, nice firm boobs, I think enhanced but they felt so good and looked so good I could not tell. Really nice girl, very chatty and friendly.

### The Story:

Opted for the Soap Suds 30 min session including "one off the wrist" but with the option to upgrade along route. Had a quick shower followed by a quick massage on couch. Emma oiled me up then climbed upon me and slid her sexy bod all over me.

I turned over onto my back so I could see and the event and because I had the horn at this stage. Emma duly obliged sliding up and down all over me whilst kissing, it was almost too much for me to contain myself.

Then moved onto double waterproof mattress soaked in hot water and suds. This was fantastic, lay on front at first but soon turned over for the same reasons stated previously. My god it was tremendous, the slipperyness, the firm body with fantastic boobs writhing around all over eachother in different positions. Emma positioned herself in reverse cowgirl style and it was a beatiful sight to be sure. I used my hands to good effect on her as she did on me and my little friend at times was just millimetres away from sliding in and the whole time was close to an explosive state.

I could have extended my stay or chosen full on but not being able to take much more, turned her over, held her head and was finished off all over her impressive lady lumps.

It was one of the most enjoyable experiences ever and I will definately see her again soon. If she was there today, I would go right now
