The Lady:

I have written about Mistress Lisa once before in 2008. She gave me such a fantastic session this week that I just had to write again. Lisa is beautiful, in that dark, moody, detached way. Her body is an absolute knockout. It is just the most perfect body you could ever wish for: slim in an athletic toned way, medium sized pert boobs, an incredible tight ass, lovely long toned legs and a pussy that is beautiful and tastes lovely. Mistress Lisa is just the ultimate body beautiful, no exaggeration.

The Story:

Just a wonderful session. One of those ones where you have a massive, pulsating orgasm that takes its time to slow down and seems to go on and on because you have been so amazingly turned on. All down to Mistress Lisa.

I arrived with a clear scene in my mind, explained it and then Mistress Lisa executed it perfectly.

She ordered me onto my knees and then ran her hands over me, examining me in detail. It was rope bondage first. I was made to kneel on the bed and tied up in an extreme position, bound by rope after rope. She spanked me with her hand at first and then with a leather strap, making that lovely smacking noise that straps do. I was then whipped until I could take no more, my ass glowing with pain.

Next my ass was explored by her rubber gloved fingers. A vibrator was inserted whilst hot wax was poured over my ass cheeks. Relief was delivered by her rubbing her gorgeous breasts all over me. I was then unbound and made to lie on the floor.

Mistress squatted over me and pissed into my mouth. Wave after wave of her golden liquid poured into me. She tasted delicious. Once she was finished, I was made to lick her pussy clean. Lovely.

She then knelt on the bed playing with herself whilst I was made to piss all over myself and rub it into me. So erotic. And a first for Lisa. (I have my work cut out next time to impress her as much with that idea, she told me afterwards).

I was then laid on my back on the bed, poppers shoved up my nose, and then Mistress forced her pussy onto my mouth as she slowly wanked me. As the poppers hit, and I was engulfed into a delirious state, smothered by her cunt and wanked by her hand, I could hold on no longer, and came into her hand. She had not finished as all my cum was then forced down my throat.

This was one of the best sessions I have ever had by, without doubt, one of the most alluring, beautiful and expert Dommies you could ever meet.

If you do one thing in life before you die, let Mistress Lisa abuse you once, and you will die a happy sub.
