The Premises:

This is a parlour in the middle of an Industrial estate. Look for sign on an entrance saying 7a you drive through past the buildings on your right then turn right 7a is near the end down a passage way. While it can be difficult to find after you do it is really easy and very discreet loads of free safe parking .

Usual ring for entrance and once inside the place is lovely and clean with nice rooms and showers plus god quality cleaning products.

All in all everything you could want Over recent weeks many Liverpool parlours have been raided and the only one in the City Centre is now closed down. This is one of the few left and I would urge all local users if you are thinking about going then do so because if we do not use places like this we will lose them and the only alternative will be Manchester.

This is a freindly parlour and very relaxed. The rosta seems to favour the more mature ladies and those with curves rather than skinny ladies. This suits me to a tee but not to everyones taste. Look at the site and the pics and they give a good reflection of the ladies available. They seem to keep their ladies for a long time and the rota is pretty regular which for me is a plus.

The Lady:

Jo is a mature and very busty Lady 36GG so I am informed and they are natural and genuine. Jo is attractive freindly and always me feel as horny as hell. I still have a fantasy of just grabbing her and doing her there and then as I come in but given the receptionist and what have you this will just have to stay a fantasy but you never know one day. I know Jo would be well up for it .I have seen this Lady for a considerable time and there is no reason for me to be other than truthfully in saying that if she was not great then I would not have been coming back so many times. In looks she has always reminded me of Melinda Messinger think her older and much more horny older sister and I think that is avery fair picture

The Story:

As always with Jo things start slowy then get hotter and dirtier. She has always enjoyed attention with your tongue and provided you are gentle and open to instruction then you will be rewarded with a very happy lady. Having made her happy jo is then only too anxious to make you happy the

choice is yours enjoy her welcoming mouth , between those very accomodating breasts.Or even arse in the air and betwee her very juicy pussy lips. I am told that Jo will offer domination services and is very good but as this is of no interest to me I could not really confirm but would expect it to be of the same high standard as her other services. Jo is a gem if you like her pictures then go and see the Lady I am certian you will not be dissapointed
