The Story:

Complete rip off. Here is copy of text I posted to their website - it's pretty self explanatory. Steer well clear of these thieves. The girl they did send had no idea how to escort. She was very rude and kept spitting into a tissue every 2 mins. Really quite off putting!

"Without doubt the worst sexual experience of my life. Not only did you send the wrong girl, the one you sent had the worst attitude I have ever encountered. You tried to rip me off with the taxi fare, She ripped me off charging for extras that you didn't mention and then even overcharging for them. So when I sent her away early, you give me a 25% refund and want to charge me another full price to send the girl you should have sent in the first place. You are extremely dishonest and give this business a bad reputation. I know you won't post this feedback on your website so you should know that I am going to copy it and put it on the independent forums so that other people do not get ripped off by you either."
