The Premises:

House of divine Kensington. 5 min walk from Gloucester Road tube. Located in a very nice, up market area near the Natural History museum. On a busy main road with lots of traffic but I'm pretty sure no one knows its a parlour - it certainly doesn't look like one. A large, grand and impressive London building. No one on the street batted an eyelid when the door was answered and I entered. The front door leads straight into a very large, nicely furnished reception. Taken to a room which was extremely well decorated and had nice bedsheets. Top marks for everything.

The Lady:

Extremely beautiful, black hair. About 5ft 6 with long legs and a good handful of tits. Dressed in extremely high heels and black lingerie. She had that Dita Von Tease look to her. A strong, sexy home counties accent.

The Story:

Greeted with a long, sensual kiss before money was even talked about. After that introduction, money was exchanged.

Returned and continued with deep french kissing and exploring her body. Finally got naked and received and blowjob OWO - no extra charge. Brilliant and very well executed. Almost came there and then.

Tried a number of position: missionary, doggy, spoons.

Amazing stuff. She's either a really good actor or she really loves sex. All her noise sounds genuine and and a real turn on.

A lot happened in the booking which would take me ages to write about but I just have to say it was a very cuddly, sensual experience. A real GFE experience. I highly recommend.

the value for money, especially in London, is amazing.
