The Premises:

Chain hotel close to the station, clean, functional, as always However, it had been "dollymopped" to give it more of a boudoir feel. Her own sheets and cushions, a bit of extra lighting and quite a selection of drinks and nibbles.

The Lady:

Gorgeous. Demureless dressed to be inconspicuous, she's have to be in a sack or a tent to not turn heads. Once helped out of her dress, there was very sexy lingerie underneath, and when they were off as well, a gorgeous body. Natural boobs of a nice size (fantastic shape hanging down, enough there to be clearly a breast when she was on her back) and very responsive to being played with. The rest of her was curvy in all the right places as well, and hair and makeup was immaculate (until I started on her!) Oh, and for her age, which she's open about, she's very well looked after. Or she's the only escort I've met who lies to make herself sound older.

The Story:

I'm not exactly a newbie punter, been seeing girls for about 5 years, on and off, but have rarely come across the level of service that you get from Dolly. The organisation and attention to detail is amazing. The room had been made over to make it more personal, she'd laid on nibbles and a variety of drinks, and for afterwards she had a range of soaps and smellies, even brand new toothbrush and toothpaste!

And the service was just as personal. If you've read any of her blog, you'll already have an idea what Dollymopp is like. She's arty, individual, intelligent, articulate, and knows her own mind. We started with a bit of a chat to get to know each other, and I was amazed to find out more about her. She's modest, self-effacing and very honest. I'm very keen on accents, and I could have happily listened to her talk for hours.

However, that's not why I was there, so it was onto the good stuff. I could get all coy/gentlemanly here, but apparently Dolly wants someone to write something saucy about her. So I'll try:

She was wearing a slinky dress, and after a game of hunt the zip, and me failing to find out exactly

how to get in, she was good enough to stand up and slither out of it, revealing a nice full bra, knickers, stockings and suspenders. I could get the bra off and she really enjoys being licked and sucked, you could tell. She was keen to return the favour and very slowly, teasingly and erotically removed my clothes. Slow, sensual oral followed, and I did the same to her, also enthusiastically received. More of the same continued for a while until she brought out a toy, which we used between us to bring on an explosion. And I chose that word carefully.

After she cooled off, it was on with the condom (with her mouth!) and my turn for fun. She was clearly aroused, enthusiastic, and genuinely enjoyed her work. Rarely has a lady coaxed that sort of performance out of me. She also made some fantastic eye contact, and had a good line in dirty talk!

Afterwards, a kiss, a cuddle, more chat and then off to the showers to clean up the evidence. I dressed (she'd laid out my clothes) and time for a last kiss and a cuddle. She then remembered the money, which I had forgotten, and then back to normal life.

The whole appointment was incredibly personal and intimate. At no point did I feel like I was one of many, or rushed (quite the opposite, she takes her time to make you feel comfortable). I'll definitely see her again, if I had the money or the free time I'd see her again this tour! And all this service for less than her usual London rate, and without having to go to London! What a bargain. I just hope she comes to Cambridge again, or else I'll have to hop on a train!
