The Story:

I am relatively new to punting but I have been to D2 twice before and had really good punts. Was introduced to Paige and Victoria (wish I had chosen Victoria). Asked if I wanted a shower and said yes, receptionist said she would bring in a towel , it never turned up. Paige came in so I decided against the shower. Unfortunately Paige started going on about her headache, not a good start. I lay on the bed and she started to massage my back which was o.k. She said she wouldn't mind a massage since she hadn't had one for a long time. Since I love to give a massage I offered one. Paige said she really liked it, but by the time I had finished there was only about 8 mins left. She then tried to get me aroused by playing with herself, which was o.k. but when I went in to give oral she said she didn't do oral. So I moved to her breasts she just started to giggle and said it tickled. At this point I just gave up and got dressed. Needless to say I won't be going back.
