The Story:

I paid for an hour but recieved no more than 45 minutes of massage. In fairness I was a little late but didnt expect my lateness to reduce the massage duration, especially as no one else was waiting. The main issue tho was that the massage was just not that good, or that erotic. It was enjoyable but i have recieved so much better massages previously. There was very little groin attention and only hand relief once. The other problem was that she left her phone on, and took two calls during my massage, including a 2 or 3 minute conversation where the caller was haggling about the price and arrangeing a massage. During the calls I got a very half hearted single hand massage and then an apology afterwards. She also recieved 3 or 4 texts which didnt help the relaxing nature of a massage and she even read them at one stage!! All in all a very disappointing experience and not that cheap so I wont be returning!
