The Premises:

Well reported on.

My favourite place these days.

The Lady:

Alexia is a pretty blonde woman (early 30s - not 25 as stated on web). She has a very shapely tanned-all-over figure with perfect breasts, the kind of package any man would fantasize about.

The Story:

I made a telephone appointment to see a different lady, Amy at 14.15. She was rota'd for duty from 11.00 but had not arrived when I called at 13.45. I arrived on time but Amy never showed up. I don't mind waiting for a lady if I get an idea of how long but ended up seeing the next available lady at 15.05. That was the gorgeous Alexia. She is a pretty blonde woman (early 30s - not 25 as stated on web). She has a shapely tanned all over figure with perfect breasts, the kind of package any man would fantasize about.

However I had a very disappointing punt. No kiss before, during or after the encounter. Definitely not a GFE experience despite listing GFE and French Kissing among her specialities. Limited conversation, the weather mainly, but maybe we just did not click. She got undressed while I showered and the sight of her naked made me excited even before I got to the bed. 5 minute massage was OK as a massage but not really erotic. She turned me over and started to use those gorgeous breasts and hands to get me hard. (OWO is listed as a "possibility" in her profile but she never said it was unavailable for me. Now I totally respect any girl's right to withhold this extra which is included in the booking price at LM and she is under no obligation to give an explanation, and I am not complaining, just making the observation.) Far too quickly she put the condom on and rode me cowgirl at first for a couple of minutes, then she suggested doggie, and then I suggested mish. Below average unenthusiastic performance and during all this there was no eye contact at all. In fact when I could see her face her eyes were closed and she seemed totally uninterested, although she made some moans. I don't believe a girl should have to pretend she is enjoying any punt but this was something else altogether. After a finishing handjob I cleaned up while she held up the bin and while I got dressed she was looking in her phone. Needless to say I was leaving early, feeling

short-changed and having wasted half an afternoon.

Moral of the story: even LM has its disappointments, and I had 2 in one afternoon.

However I will still be back to see some of the other gems there.
