### The Story:

I was trying to recall the text of Helgakviða Hjörvarðssonar, when Erik Bloodaxe's sister crashed through the ceiling. "Were you truly wafted here from paradise?" I ventured meekly. "Nah, Oslo Airport." Her accent, an affluent amalgam of American and Ascot English, momentarily made me doubt her Nordic prosopography. In reality I knew she was a Valkyrie disguised in sheer black lingerie sent to nail my severed member to the masthead. Having no desire to acquiesce I lunged at her bearded clam, teasing both G spot and clitoral regions and dispatching her helplessly into a cackling orgasm. Before she could recover and with my purple mace firmly wedged between her prostrate haunches I rode her firmly back to Valhalla.
