The Premises:

As reported before. 25 minute walk from train station. Very quiet on a Sunday.

The Lady:

32-year-old girl, with a lovely tight body and 32-DD bust. She has a lovely sensual touch and was pleasant enough, if somewhat distant when conversing.

The Story:

A moderate punt, where I would proffer a 6/10 rating. The girl was affable enough, but was called in on short-notice. Originally from the north (Lancastrian/west Yorkshire accent), this girl possesses a touch of the lightest feathers. This coupled with deep oral techniques and a surprisingly tight pudendum, made for a very enjoyable service. The blemish on the event was the lack of zeal on the girls' part. OK, I don't? expect an abundant amount of ardour, but there was a distinct lack of movement, noise of any gratification and certainly no kissing.

I can't excoriate the girl though, as she was amicable enough, with the excellent attributes as described above. A no-rushed congenial punt, but not psychedelic.
