The Premises:

Luxurious Townhouse in South Kensington on busyish main road, safe as houses and fairly anonymous. Immaculately presented inside, excellent receptionist too.

The Lady:

Jaw-droppingly beautiful 21 year old home counties girl, around 5'7", lovely long legs with a perfect, peachy bottom and beautiful breasts. She is a graduate on a gap year and has a fantastic personality and high intellect to match.

'Naughty Angel' is a phrase that comes to mind when describing Kitty.

The Story:

A sublime experience :o)

I am only an occasional punter and have never post a FR before, but this was soo good I am moved to write.

I was a little nervous but Kitty put me at ease straightaway. Deep french kissing before the 'pocket money' was sorted out, and at my request she went off briefly to adorn her perfect legs in stockings and suspenders. Upon her return more kissing and general fondling & caressing, which led to a wonderful, expertly-executed deep throat blowjob which took me all the way to a very powerful orgasm and cum fountain, timed perfectly by Kitty to avoid the baby batter in her gob (ladies prerogative). More kissing and fondling then followed which developed onto 69 with Kitty on top, her pussy was wet, responsive and sweet. She possibly came on my mouth, if she didn't she is pretty convincing.

Deep missionary fucking followed, then onto doggy as she wanked her clit at ther same time. Very horny.

I had slight wood issues (shouldn't have taken the sleeping tablet the night before, lol) so we changed to owo again, followed by us both wanking, with Kitty using a vibe on herself and inviting

me to gush over her breasts, to which I duly obliged. Fucking erotic or what!

The icing on the cake was to be invited to share a shower with her where we washed each other off. (btw be careful in the shower, it is soo powerful you could lose your balls!)

Believe the hype - it's all true, and I certainly will be changing my punting habit and seeing her again in the near future, that is if I can get a second job :)
