The Premises:

This is a very modern high rise flat near Vauxhall tube. It is decorated to a high standard and is very clean and comfortable inside.

The Lady:

Keysha is a tall, black French girl with a lovely bum and full B cup boobs. She is a student here in London and is very intelligent and interesting to talk to.

The Story:

On entering the flat, Keysha was wearing her bra and pants and my eyes were immediately drawn to her lovely bum. She asked me to have a shower which was a good idea given how humid it was.

The session started with a long, relaxing massage made better with a really good conversation which adds to the occasion. After the massage I turned over and started to suck and fondle Keysha's brown boobs. She put a condom on me and proceeded to give me covered oral. We then briefly had sex in two positions, cowgirl and doggy. I asked for a handjob finish so I could have a final feel of her lovely, brown boobies.
