The Premises:

Her place was a small two bedroom flat behind a row of shops in a quite and safe area. Discreet suburbia which I felt safe visiting. Parking was plentiful and free, and is on several bus routes. The place was clean and tidy and I was greeted by the maid who was friendly and welcoming.

The Lady:

Alexa is a blond Spanish lady who I would say was in her mid 30s. She is about 5' 3" in height and is a very curvy size 10 to 12 with a bust size of 34 DD. She was wearing a black sexy bra and thong and high heels when I met her. She put me at ease straight away as she asked what service I would like, her English was good, nice smile, and as it turned out a nice personality.

The Story:

As I said Alexa made me feel at ease straight away with her easy manner, and so I opted for the full personal service at £80 pounds with lasts for one hour. We started with some French kissing and then went into some nice oral which Alexa performed on me with surprising skill. We then did some mutual masturbation on each other and then into straight sex first with her on top and then mish. After that we just sat and talked for a while, and then because we still had some time we lay together and cuddled and then I did some more masturbation on her until she came which was good. I think Alexa is a very highly sexed lady who enjoys her work very much. We showered together afterwards so I felt clean, and then I left with a grin on my face feeling very satisfied that I had found this great lady who gives so much for her services. I will definitely return soon.
