### The Premises:

Nice comfortable apartment south manchester near the cricket ground.

### The Lady:

stuninng enhanced busty brunette, one of the best looking women I have ever had the privilege of seeing

### The Story:

difficult one this and I have thought long and hard about this, anyway I recently came into some cash because of a combination of difficult personal circumstances, I was leaving for Australia for a while and decided to see Alex who has long been on my radar, 300 is not usually my sort of budget but this was going to be a once only so I was really desperate for this to be very good.

I arrived at the apartment to find a great looking woman probably the best body I have ever had the privilege of seeing, we sat down having got the cash bit out of the way and had a glass of wine we sat chatting and were really getting along well, so well that had she wanted she could have probably sat and chatted the whole 2 hours, time had flown eventually she said I'll go get ready, when she finally arrived dressed to kill we were probably at least an hour and a quarter in. eventually we gravitated to the bedroom where we had what could best be described as a fantastic half hour, time was up and it was time to go home.

so no round 2 in the past when I have seen girls who chatted a lot while they get comfortable they tag on the time and overrun but not this time, perhaps I'm my own worst enemy by not being assertive enough and moving things along, but its a very difficult situation you dont want to push it as it can destroy the mood and spoil it.

would I recommend the lady to other punters, no as she wont provide value for the money paid.

would I see her again if I had loads of cash yes I would because she was really lovely and when we did get going it was very good.

so make your own mind up on this one
