### The Story:

I decided to book Maxine on account of the fact that the girl i was going to see was off sick today and i had been thinking about going to see Maxine anyway . As someone once said better the devil you know . Looking back i wish i had taken that into account . I like to feel that there is a connection there even just a small one so that i feel like i want to return .But with Maxine it just wasnt there as i caught her looking at the clock and she started getting dressed almost as soon as we had finished it was all too rushed and i will not be returning too see her . I think next time i go punting it will be someone with more reviews or that i have visited before as you feel cheated if you are rushed out the door like i was .
