The Premises:

Nice flat - 10 minute walk from Farringdon. Safe area. Shower was OK - bedroom was, as usual, sparse but warm and clean.

The Lady:

Just like her Photo's. A good looking Polish lady. I was greeted by her in a nice green vest top with no bra, and black panties. She has a nice figure.

The Story:

As is my custom when meeting a lady I leant in to give her a kiss (not a DFK, just a standard 'hello' kiss) - the response to this gives an indication of how the date will go. Mia didn't seem comfortable and immediatley asked me for the fee. I don;t have a problem with this - it was just an awkward start.

After my shower I returned to the room and Mia and I laid on the bed together and we had a quick discussion about what we like. One of the reasons I was attracted to Mia's profile was that she has quite a few things on her list I like, such as French Kissing, OWO, CIM, facials (I'm checking it as I write). She said she liked both giving and recieving oral, but when I went to kiss her she was not in the least bit interested, so we started oral - her OWO consisted of licking my frenum, she never actually put my cock in her mouth. So I gave her some oral - initially I started lightly but she said it tickled so I went in a little bit more confidently and this she seemed to enjoy, making nice moaning noises and her nipples were getting quite hard, however when I tried to place a finger near the area my hand was moved away very quickly.

On to sex in mish, and after a while I needed to come so asked her where I could do so. She said 'in the condom', and initially refused to take off the condom and finish me by hand and even refused to do it over my stomach. Eventually she agreed to do that so the deed was done, and we cleaned up.

After my shower, though we had a really nice chat; she's a really lovely girl, great sense of humour and an easy infectious laugh. I just felt her heart wasn't in being paid for sex; no OWO, no kissing, no fingers, no sperm anywhere near her.

I feel bad about doing this, but becuase there was such a chasm in the description of her likes and what she actually allowed, I can't recommend and wont be returning.
