### The Premises:

In the Paddington/Bayswater area favoured by most of the Oriental ladies I've seen. Actually I'd been to this flat before, meeting another young Oriental lady I'm very fond of.

Fairly spacious and plenty comfortable enough, clean and tidy with a good-sized bed, an armchair and room to move around. Not fantastic, but certainly a very pleasant place for a romp.

### The Lady:

Web pictures are accurate. Taylor is attractive, with long black hair. She is fairly tall for a Thai, with nice (and quite large) boobs (which seem natural rather than the usual enhancements) a slim body a taut little bum and long slender legs. Overall physically she is gorgeous.

Communication was not entirely perfect. Taylor's English is probably pretty good. My problem with talking to Thai girls is probably more because I struggle with their accent than their command of the language. Taylor is certainly friendly and nice to be with, but I don't seem to have got the more relaxed rapport I have with Aisha for example. I seen comments elsewhere that she can be a lot wilder that she has been with me, perhaps because I'm always a little shy.

### The Story:

For those who like it brief and lacking details:

Taylor is back and as good, if not better than ever! She combines physical beauty with an abundance of skill in entertaining men. Taylor been long established as a star Oriental escort but just seems to get better as time goes by. If you have a fancy for a taste of the Far East, you won't find many better ladies it visit

For those who prefer the long winded version:

I'd had a five-week layoff on punting because of a prolonged business trip to New York and not being willing to risk matters there. So I was keen get back into the swing of things. Since I was going into London it was natural I should try to go and see my favourite little lady in town - Aisha. Unfortunately she was not working that day, but she suggested I might like to see Taylor instead - who I'd been delighted to see was back in the country and on Aisha's list of lovelies - I naturally agreed. I've seen Taylor on a number of occasions over the last few years and had been planning

to renew our acquaintance at an early date anyway.

Things started off a little badly as due to some calls and errands I ended up late at the station to head into London. I called ahead so Taylor would know I was going to be 10 or 15 minutes late. Even then I had to rush a little and since it was a boiling hot day arrived a little hot and flustered. Taylor could see this and offered me a drink, I decided on a beer, and then she suggested I have an orange juice too. While she fetched these I began stripping off as much to cool down as in anticipation of the next hour. When Taylor returned I gratefully took several swigs of both beer and juice

Taylor next asked if I'd like a shower, which seemed an excellent idea, though I was a little disappointed she hadn't drawn a bath, which we could share. She got into the shower with me though and we got one another nice and clean. Taylor paid a significant attention to the crack of my arse I noticed. The reason for this last point became clear after we had dried ourselves off and she had led us back to the bedroom. Once there Taylor encouraged me to lie back on the bed and then at once pushed up my legs and after favouring me with a brief wicked grin, buried her face my in bum, giving me a firm but sensual rimming.

I moaned in delight and carried on doing so as she kept at it for several minutes. My cock grew straining hard. Taylor moved up from tonguing my arse to slurping on my balls. I moaned louder. Then after a little while longer I was moaning louder still. Most Asian girls are adept at oral sex, but Taylor specialises in taking a cock very deep into her mouth, not something that many girls do, and it feels as delightful as it looks. Taylor didn't quite take me right down to the hilt, but very nearly and it felt wonderful! I let this go on for several minutes longer before deciding I wanted a change of position. Gently tugging her away from my boner I moved myself over to the armchair.

Taylor understood at once what I had in mind, and kneeling between my legs got to work on my cock again. After taking my cock deep into her mouth some more, she moved down to my balls and then she pushed my legs up so she could rim me some more. Having indulged in this for a while she moved back up and for several minutes she had me moaning deliriously with pleasure as she alternated between trying to swallow me whole, rolling her tongue over my cock as she worked it with her lips and slurping on my balls. Finally it was all too much for me and with a roar of delight I exploded shooting my spunk into her eager mouth. She pulled her head away perhaps a little too quickly not letting my orgasm subside quite as much as I would have liked before she spat out my offering into a tissue.

Taylor left the room briefly to rinse her mouth and on her return suggested I might like a massage. Normally I might have indulged in some pussy licking instead, but enervated by the heat I was happy to let her do this and let her fingers work away at my back and down to my legs and feet. By the time she had done this I was feeling frisky again and encouraged her into a 69.

This was very pleasant, but somehow I seemed to be rather slow in responding. Taylor got out a vibrator - not one of those cock shaped ones with integral batteries, but a little bullet shaped one with a separate power supply. This she applied to my balls and while did this I encouraged her to sit back on my face so I could munch on her sweet tasting pussy and wank my cock until it grew long and stiff again. Then Taylor was applying a condom and then straddling me and squatting down feeding my swollen knob into her tight little quim.

It felt soooo good. She bounced away for a while with me grunting in delight. Then she leaned backwards, resting her hands on the bed by my ankles. This added an extra intensity to the grip of her pussy as well giving me an awesome view as I watched my cock pumping in and out of her. I let her carry on like this for a while, before deciding it was my turn to be in charge. Pulling her in, I shuffled us over to be bedside and stood up, lifting her with me and then placed her down on her back on the bed.

Tucking her legs up over my shoulders I began to pump deep into her snug warmth. Taylor upped

the stakes, grabbing her vibrator and pressing it against her clitty as I thrust away vigorously. Her moans grew louder as did my grunts of pleasure and after some minutes she gasped she was going to come and that I should come with her. I had other plans, but began fucking her somewhat harder and faster. A minute or two later she seemed to climax and I paused panting. At this juncture I asked if I might fuck her arse. She gave me a little grin. Of course I could.

We disengaged and she grabbed some lube from the bedside, before getting on hands and knees and smearing some over her posterior portal and my swollen knob. Moving in behind her I let her guide my boner up to her rosebud. Applying gentle pressure my cock eased up into Taylor's deliciously snug fundament. After a slow start to allow her bung hole to adjust to its invader, I began to up my pace until I was giving Taylor a firm rectal reaming. She grabbed her vibrator to rub it against her clitty as I pumped away. I seemed to be at it for a very long time, but eventually her tight little hole brought me to the boil and with a bellow of pure pleasure I came deep in her bottom.

Panting and puffing we kept locked together for what seemed an age before I felt up to easing my cock out of Taylor's rump. She helped me clean up and got me my drink while I slumped on the bed recovering a little. There was no rush, but equally I had no desire to overstay my welcome. After a little while I levered myself up into a sitting position and at her invitation took another shower (by myself alas). Then Taylor helped me get dressed and a little while later I was ready to go. I muttered inarticulate thanks for her time and she in returned thanked me before she bade me farewell with a cuddle and a request that I return soon. Definitely a good idea!

Overall:

A splendid time with a lovely lady. Taylor has been on the scene for a while for a while now and has consistently had positive reviews - no surprise because she is a star. My previous visits to her have always been great fun and it was delightful to be able to see her again after such a long time. I hope I'll be able to see her again soon. Highly recommended.
