The Premises:

As previously reported. It needs to be emphasised that this is a nice house on a pleasant estate. Very safe.

The Lady:

Precisely as expected, advertised & reported. Slim (though not painfully so), well proportioned and immaculately presented.

The Story:

I have been trying to find an excuse for some years to go into the wild northern country (here be dragons!) to visit this lady, and at long last found one. Greeted like a long lost friend I was treated to a long deep kiss & BBBJ. Once undressed we fell on the bed and all that one would expect (based on earlier reports) came to pass.

I have been punting for many a long year, but I have waited until now to sign-up and make my first report. As it happens, I don't think that we "clicked". Having said that Jan did everything required with gusto, willingness & a ready smile and I did feel that she interacted with me because she wanted to, which I find very flattering. For those with a good memory in the same class as Vicky/Ellie-Rare, and that's saying something as those in the know will know. Thanks Jan, on many levels.
