The Premises:

Shop unit next to cafe in village of West Horndon. Clean and safe, buzzer entry does mean you are standing in the street for a few moments, which I found to my cost as a couple of lads having a fag outside the cafe took great amusement in watching me! To avoid this, there is another entrance at the back, also with a buzzer.

Parking is available either at the nearby station, or free in nearby side roads but look out for parking restrictions.

Inside is pleasant enough, with a couple of decent sized rooms each with a massage table. ?20 entrance fee, extras are paid to the girl. A full personal costs ?70 (making ?90 in total - very expensive in comparison with other local parlours)

The Lady:

Please note I have called this girl Danielle 2 to distinguish her from the Danielle I reviewed here in March 2009 - they are different girls.

Danielle is an attractive blonde Essex girl in her mid 20s, who could easily forge a career on page 3. Tall and leggy, with all over tan, nicely proportioned boobs, and toned body. She is quite a brash girl which may not suit everyone.

The Story:

A fairly typical punt for this venue. Started with the usual massage, more relaxing than erotic, while chatting with Danielle. I turned over and she undid her top to reveal her charming boobs, as I felt her toned body. She then gave me a little OWO, which was very pleasant, though I couldn't take too much!

Got Danielle up on the table with me next, unfortunately she doesn't french kiss but did allow a few kisses on the lips. Also played with her boobs, but she kept her knees firmly together to prevent any touching "down below"

Asked her to lick my nipples, which she did, though only briefly and not very well. By this time I was ready for sex and she told me favourite position was doggy, and who was I to refuse?! Enjoyed holding her hips as we fucked, though it was over all too soon!

All in all a decent if unspectacular punt, I'm not sure if I would see Danielle again as I felt she was a little robotic, and she did lay there looking a little disinterested as I sucked her nipples, only making a few false moans and groans.

One other point - it wasn't especially warm but the room was very stuffy, the fan did help but air con would have helped a lot.
