The Premises:

The bathroom extractor fan was a Greenwood Airvac - perfect for when things get steamy.

The Lady:

Voluptuous Italian girl. Hair as black as a Raven's eye.

The Story:

Modern technology is wonderful: one minute I'm sat at my PC scrutinizing photos of Karolina, an hour later I'm stood in front of a mirror squeezing her tits. I love punting!

She kissed me lightly and, with a conjuror's sleight of hand, she unbuckled my belt and slid down my trousers. She rubbed my bulge and raised an eyebrow; when she pulled down my boxer shorts, she raised the other!

She gripped my big veiny cock and shoved it in her mouth. She gave a splendid blowjob: Karolina does not have a gag reflex - she can take up to 6 inches into her mouth, at which point your bell-end will be nestled against her tonsils. After a generous helping of OWO and scrotum licking, she spread her legs and said, "Lick me down there, lick my butterfly." I kissed her belly and snaked my tongue southward. She was dry when I started, but wet when I'd finished. I eased a finger into her fanny - it was as slippery as Silvio Berlusconi. I licked her until she was sated.

We tried Cow Girl, dabbled with Mish, and then moved onto Jockey. I think she liked this position because she squirmed around like a Mini Cooper with torque steer. "Oooh baby, fuck me. Fuck me hard and cum inside me quickly, cos I'm tired." We chuckled at that one.

I gave her another 2 minutes of spasmodic prodding before moving onto a blowjob. With her open mouth positioned one inch above my cock, she wanked me till I squirted. "Mmm," she cooed, "tastes good!"

As we got dressed we chatted briefly about Italian opera and the water quality in Venice.

A fun girl. A fun punt.
