### The Premises:

A modern hotel on the fringes of Guildford - easy to find and with good parking.

### The Lady:

Pandora is a voluptuous and beautifully-proportioned lady, with a mane of golden hair, a classically pretty face, sparkling blue eyes, and boobs to die for.

### The Story:

Pandora and I had been corresponding via e-mail on our mutual passion for cricket over quite a while, and once we had become good cyber-friends I finally plucked up enough gumption to book her for an in-call on her mini-tour to Guldford.

Everything was easily and efficiently arranged via the booking system on this site and I made my way to the hotel car park just on time. I texted P and she replied straight away, giving me directions to her room. P met me by the lift dressed discreetly in a black knee-length dress, high heels and stockings - I just knew there would be some sexy undies out of sight!

Once in the room we kissed deeply and our hands started to wander over each other's bodies. P soon had my belt undone, my trousers round my ankles and my highly responsive member in her warm and welcoming mouth - quite a greeting, really! The finances sorted, D offered me a soft drink and soon we tumbled together on the double bed, embracing passionately. My questing fingers found their way to P's sheer pink panties, then into her already-wet pussy, and within minutes P came strongly for the first of several orgasms. She then lost her dress to reveal her magnificent mammeries scarcely contained within her flimsy pink patterned bra. She went down on me again with great gusto, and next it was my turn to gource myself on her nether regions. Then it was off with her bra, and I turned my attention to those gorgeous breasts, with their prominent nipples. Finally it was on with the durex - very expertly effected by P, and the lady mounted me for our first real fuck. Wow, was that great, and P orgasmed again, even more strongly than before.

No more for now, folks, but the two hours passed in a blur of pleasure, with energetic love-making interspersed with lively conversation on cricket and other mutual interests.

Pandora is based in Maidstone, which is a little outside my range, but I shall certainly be partaking of her delights again very soon if I can tempt her over to Guildford. Watch out for P's next tour there, and don't miss out, chaps!
