The Premises:

Well known walkup, second floor.

The Lady:

Pleasant face and cute smile (which she didn't use much) mid 20s blonde. Big knockers and quite big everything else - big stomach and wobbly arse, which only became apparent when she removed her dress.

The Story:

There have been a couple of positive FRs on Diva, but my experience was rather different from the previous reviewers. After she had taken off her bra she just stood still, with her arms at her sides whilst I licked her nipples. Her BJ was quite stimulating, but very repetitive, with nothing but up and down movements. This was followed by sex in a couple of positions as she lay motionless and looked at the wall. "You'll have to finish now" she said. But of course with such an unsexy attitude, I couldn't.

A big No No for me.
