The Story:

A short notice appointment - but one I had on my list for some time. It was a warm day and Alexie suggested we use the living area rather than the smaller bedroom. I freshened up in the shower and then got straight into the action - Alexie spent the first couple of minutes checking my preferences and then after a couple of minutes of FK - she gave me some great BBBJ and eye contact. Then I gave her a good licking - she has great nipples and a pussy you could spend hours on. To add a bit of interest - she then powered up the Rabbit (from her extensive box of tricks) and I lapped up the juices. Then she suggested more BBBJ whilst she finished frigging herself with the toy. I was face fucking her with her writhing underneath me - wonderful! Then onto the final act - she pulled her legs up to her shoulders (very flexible lady) and I took over from the Rabbit. After a further bout of doggie - I was spent - I must have lost 2Kg of sweat with the humidity hitting the 98% mark. Freshen up with a shower and parted company. It must have been twenty minutes before my legs stopped shaking! I think I will be spending far more time in Victoria over the coming months ... see you soon Alexie!
