The Story:

All in all this punt was not what I expected. I originally booked to see Devon from the same agency. Having seen the new website and reading the reviews I was expecting a good session, but things don't always turn out as you hope.

Devon didn't look comfortable from the moment I arrived. When she eventually asked me how long I wanted I said 'One Hour' and she said 'Are you sure?' I could tell this was going wrong. After 15 minutes of playing with the remote control for her TV, playing with her phone, and occasionally attempting brief conversation with very limited English she seemed to ask me to come back another time. No reason was given, and I should add that I am clean, polite, and respectably dressed, so I could not see any reason for her to go cold on me.

I left there preparing in my mind a bad review for her and the agency, and a short while later got a text asking me what had gone wrong. The agency said she was having personal problems and offered a booking with Taylor instead. As it happens I had seen Taylor's PSE reviews and decided to give them a second chance.

Well that didn't turn out as I had expected either, but in a nice way. Instead of the full-on PSE I was expecting from Taylor's reviews I found a lovely sweet girl who laughed and smiled and wanted to please. I mentioned I liked kissing, and from that moment the kissing did not stop - outside the extended oral. Eventually I took her from behind, and while that was happening I saw her get a toy out of the drawer and use it to bring herself to a shuddering orgasm, triggering me to do the same. We then curled up and looked through pictures of herself on her laptop. No clock-watching, we went well over the hour just chatting and laughing.

So the hot Devon got cold feet, the porn-star Taylor proved to be the sweetest of GFes, and the

agency did enough to turn around a bad experience into a good one.
