The Premises:

Rather basic but clean flat above a terrace of shops. Entrance round the back, as it were.

The Lady:

Short, dyed-blond, pretty, Polish girl. Curvy rather than plump, with large knockers. Tanned skin. Good English and very chatty.

The Story:

Started in a whirlwind of sex. Gentle kissing and stroking followed by fantastic OWO, really deep. Onto sex in mish, then doggy, then anal doggy, finishing by hand. Twenty minutes of high-octane action that left me sweating buckets, and collapsed on the bed in a heap.

She was genuinely aroused and used no lube other than a bit of saliva, as I recall. She said afterwards that she really loved sex and I believe her because that is exactly how she came across while we were going at it hammer and tong.

Afterwards we chatted for a long time, seriously over-running the appointment.

Great girl.
