The Story:

I had seen her website and she seemed to fit the type I go for. However the web site is way out of date! She has put on weight and I would guess now size 10.

Her boobs are definately larger but a nice handful. As for the service she offers I have no complaints. Was met with a kiss and then had a drink before getting down to business. When she stripped she revealed that she wore no underwear.

No time was wasted and she was very willing to do almost anything, except anal and anything involving pain.

We had 69 doggy reverse oral, (she has a very lickable pussy) and finished with cum in mouth (she doesn't swallow though). Altogether I had a really good time.
