The Premises:

A 2 minute walk from Bank station...safe, clean flat above a shop with a fairly discrete entrance.

The Lady:

Indian, about 5ft 2 without heels...slim, petite....nice looking without being stunning.

The Story:

A strange punt.... definitely not the lady in the pics on that site but thought I'm here now so might as well stay.... Started with prolonged deep french kissing, very enjoyable. I wanted to go down on her... tasted fresh, clean & sweet although she just lay there, no encouragement or sound, though she got very wet & let out a little moan when she came(she told me this).

Time for the hat to go on, she just plonked it down on the side & looked at me.. "you put it on" she said... so I did.....took her in mish, again she just lay there, no sound or nothing thought might as well get this over & done with so stayed in mish & finished off.

As I was leaving she told me she wanted to quit this job ASAP, this showed in the meeting...nice enough girl but deff not suited to this profession.
