The Premises:

There were enough pillows in the bedroom to stuff a hippopotamus.

The Lady:

Unbearably cute 21 year-old brunette. Female.

The Story:

It was Sunday and I wanted a young stunner to toot my flute.

I rang the bell and heard footsteps approaching. Before the door opened, I heard the maid shout to one of the other girls, "I was tempted to shag him myself." The door opened and there stood Summer, her face beaming a welcoming smile. I felt like tempting her myself.

"Do come in," she said. Her soft voice was like a moist caress. She led me to the bedroom. I tuned the radio to Classic FM and waited for Lea to arrive. The door opened and she stepped inside. Lea had a pretty face and she was wearing a bra that concealed two deadly weapons. I wanted to give her a good frisking.

"Shall we start with a massage?" she asked.

I answered without using words: I leaned forward and kissed her soft lips while my fingers roamed around her torso, meandering from her mountains to her meadow. We nibbled each other's necks and began to undress. Her kisses were light-to-medium on the passion scale and incorporated some tongue-flicking.

Lea is Dutch/Italian and speaks good English. She understood my humour perfectly and we shared a few giggles. When she laughed, I could clearly see her tonsils. I couldn't wait to nudge them, and I didn't have long to wait. Lea yanked down my jeans and treated me to a vigorous bout of oral without. This lasted a full 6 minutes and her enthusiasm almost defeated my self-control.

We tried Cow Girl, Mish and Jockey. I think she enjoyed Jockey because I felt her tremble and Goosebumps appeared on her skin. I ran my fingers down her back - what a lovely texture, sort of a

physical manifestation of a 'Thank You'.

We finished with a handjob. She sucked me and stroked me until my body shook and my breath came in gasps. She used 7 hankies to clean me up. Before I left, she closed the window.

A good punt.
